CHANGING SEX ED FOR GOOD

## WHAT COMES NEXT? WE GET LOCAL.

If the re-election of Donald Trump has you reeling, you're not alone. And you're not wrong to feel afraid, or angry, or helpless, or numb, or anything else you're feeling.

But the first rule of resisting fascism is **do not obey in advance.**

Trump and his goons want us to give up, to make it easy for them to impose their hateful agenda on every aspect of our lives. But we don't have to. **There's still plenty we can do to stick up for ourselves and the people we love.**

One of the best ways to do that is to build power with our friends and neighbors, locally. **And one of the best issues to organize around locally is making our schools a place where our kids can learn to value and respect each other and themselves.**

You don't have to be a political activist to make a difference right now. You don't even have to have a lot of time.

**Just pick one of these three actions to start:**

01

## TAKE THE VOTER PLEDGE

Pledge to support public schools, and we'll let you know when your local school board elections are happening and which candidates you should consider supporting.

School board elections are often decided by just a handful of votes. Your vote really can make the difference between a MAGA takeover of your school system, or making sure it's a place where real learning takes place, and where every student can grow and thrive – no exceptions.

## **SIGN UP AND ATTEND OUR NEXT PASSION<sub>2</sub>POWER ADVOCACY TRAINING**

## CONNECT WITH FOLKS NEAR YOU

You're not alone, and you don't have to take action by yourself. There are millions of us working to build a better world than this one.

Check out [Public School Strong](#) to find a group near you. If there's nothing organized in your area yet, consider starting a local group of your own.

**Do just one one of these three things today, and you'll be taking a big step toward ensuring that all of our kids can still get the education they deserve for years to come, regardless of who's in the White House. And EducateUS will be with you every step of the way.**
